

Chabot College is pleased to welcome you to our campus for Ballet Petit's 2022 performances.

As part of Chabot & Las Positas College District (CLPCCD), Chabot Performing Arts Complex is required to follow COVID-19 safety protocols implemented by the Chabot Las Positas Community College Board of Trustees. These policies include a vaccine mandate for all individuals attending in-person on-campus activities within the District (BP 7330 Communicable Diseases, & BP 5210 Communicable Diseases for Students).

At this time, it is required that all members of the public age five and over must be fully vaccinated against COVID-19 before visiting our campus. This means that at least two weeks must have passed since each individual received their second dose of Pfizer or Moderna, or their first shot of the J&J vaccine. Booster shots are not required at this time.

The only current exemptions to the vaccination policy are children under the age of five. At present, we are not able to accommodate medical or religious exemptions for performers, volunteers or patrons, and we are not able to accept a negative COVID-19 test in place of vaccination.

It is also required by these Board Policies that everyone wears an appropriate face mask (at least two pieces of fabric thick and fully covering the nose and mouth) while inside our campus buildings.

Performers

Everyone who performs in an event on the Performing Arts Center (PAC) stages must be fully vaccinated against COVID-19 at the time of the event. The Client Coordinator is required to sign an attestation form confirming that all performers agree to follow our current COVID-19 safety policies, including those who are five and older being fully vaccinated.

Volunteers

Everyone who volunteers at an event at the PAC must be fully vaccinated against COVID-19 at the time of the event. The attestation form signed by the Client Coordinator confirms that everyone brought onsite to help with an event agrees to follow our current COVID-19 safety policies, including all event staff and volunteers being fully vaccinated.

Patrons

Patrons age five and over who attend an on-campus event are required by CLPCCD to provide proof of vaccination against COVID-19. At the time of online ticket purchase, each patron must upload proof of vaccination against COVID-19. This saves time on the day of the event and ensures the performance is not delayed due to vaccination checks.

Those who buy tickets to an event at our onsite box office are required to show proof of vaccination and ID to Chabot's box office staff.

Although every attempt will be made to recommend, communicate, and enforce all safety protocols, Chabot College cannot guarantee anyone's safety against COVID-19. By proceeding with participation in this event, you agree to all above terms and acknowledge the potential risks involved with participating in this event.

Any updates or changes to COVID-19 protocols that occur before the event day will be communicated by Chabot event staff to the Client Coordinator in an efficient manner. The Client Coordinator will then be responsible for communicating these changes to performers, volunteers and patrons.
